[About the Calendar](#)

ABOUT AIRE

AIRE, a place where time does not exist. Where the dim candlelight guides your steps and you're surrounded by the soft scent of orange blossom. Where moments of silence combine with the murmur of the water at different temperatures and a relaxing melody that will accompany you even underwater. Where you surrender to the sensation of floating, concentrating on your breathing and the feeling of the oils falling on your skin. Breathe deeply. Feel the total and absolute relaxation of body and mind.

This is AIRE, a special moment to remember.
